## Applying for Financial Aid

Our admissions procedures are solely based on admissions criteria. We admit students on their ability to succeed in the program before financial aid is considered. Priority for financial aid is given to applicants with siblings attending Colorado Christian Academy.

Colorado Christian Academy will use a third-party company to independently and confidently assess and guide us in determining our financial aid awards. In order to be considered for financial aid, parents will need to register with this company.

Please know we will carefully consider every family that has applied for aid. Any financial aid that may be offered, will be awarded after the admission of your child. All decisions surrounding aid, and the reasons behind them, are strictly confidential.

## Individual Academic Plans

Colorado Christian Academy will create an academic growth plan (based on information gathered from parents, student, and testing) with goals tailored to their developmental needs. Information gathered from testing, questionnaires, and interviews are used solely for the purpose of making the best plans possible and are not used to determine admission. Accurate information is vital in ensuring we have the correct information to create the best plan possible for your son or daughter. Questionnaires will be distributed to you via email after your student is enrolled, deposit secured, and testing scheduled.
